

End of Life Notification – 120F C-Cell™ products

Doc. # 1012758 | Rev 1.0

Maxwell BOOSTCAP® C-Cell™ BCAP0120 and power modules Last purchase opportunity and end of life

Dear Valued Customer:

This end of life notification has been issued to document and describe a specific product transition that will come to your attention. Please review this end of life notification carefully and take the appropriate actions per Maxwell's recommendations. If you have any questions please contact your designated sale representative for support.

Reason for change:

With the wider market adoption of the 140F product and the availability of qualification samples for the 150F replacement product, we are gradually phasing out the production of the 120F product and other associated power modules.

Therefore, Maxwell recommends its customers to take one or all of the following actions:

- 1) Qualify the alternate Maxwell Boostcap cell listed below, which provide similar performances in the same price range. For more information on these new Maxwell modules, please refer to the product specifications posted on the Maxwell website.

And/or

- 2) Place a last time buy with Maxwell according to the end of life schedule below.

Schedule:

Initial notification	July 14, 2008
Last time, non cancellable order	August 14, 2008
Last shipments / End of life	October 31, 2008

After these dates, Maxwell will do its best to accommodate for any additional demand but cannot guarantee availability of supply.

Affected Part Numbers:

	Maxwell Part Number	Replacement Part Number(s)
Boostcap 120F Cell Power, Axial	BCAP0120 P250 T03	BCAP0150 P270 T01
Boostcap 20F BPAK module	BPAK0020 P015 B01	BPAK0023 E015 B01

If you have any questions please feel free to consult with your local sales representative for more information.
