Montmirail, July 3<sup>rd</sup>, 2012

**Subject: Application of REACH regulation Nr 1907/2006 of December 18<sup>th</sup> 2006**

Dear Customer,

You procure ARTICLES from us which are not intended to release any substance under normal and reasonably foreseeable conditions of use. Through communication with our suppliers we will try to safeguard the delivery of all chemicals which are necessary for us.

It is our intention to meet the requirements set by REACH, and we shall inform you in the framework of our business relations about the changes to our products resulting from REACH. For the time being, no change is to be expected.

Our obligation with respect to article 33 of REACH is to inform you as soon as possible about the eventual presence of more than 0.1% w/w of Substances of Very High Concern (SVHC from last version of ECHA candidate list) in our products. To this day, we have identified no component or packaging material containing any SVHC but we are submitted to the reactivity of our suppliers and the reliability of their information.

We are at your disposal for any further information, and we will of course inform you about our progression in the implementation of the new regulation.

Yours faithfully,

A handwritten signature in black ink that reads 'A Deuwel'. The signature is written in a cursive style and is underlined.

Agnès Deuwel
